- 1 Good morning, New Orleans (Good Morning, New Orleans)  
We love you, New Orleans (We love you, New Orleans)  
It's such a lovely thing to love New Orleans  
When people come they never leave because we're swingin' that way.
- 5 The sunshine's so, so bright (the sun shines oh so bright)  
The breeze is so, so nice (the breeze is oh so nice)  
The star lights twinkle all night down by the riverside  
So bye and bye sometimes I cry it's such a beautiful sight.
- 9 Some people wonder what all this talk is about (New Orleans)  
But if you love her, you know what I mean.
- 11 Good Morning, New Orleans (Good Morning, New Orleans)  
We love you, New Orleans (We love you, New Orleans)  
I feel like I'm a king when I lay down and dream  
About my people that all live here. We just love her so much.
